## *Transform the power of your PBX*

Zinia NEC PBX is truly scalable from analogue to digital to full IP technology, allowing your business to customise and grow into technology. This powerful system is amazing value for money and the most affordable solution in its space. Packed with standard features, such as voice mail, auto attendant and 5 year warranty, at no additional cost. This system is truly in a class of its own.

Pay as you grow with Zinia NEC PBX, scale up your extensions on demand and manage users down to the last call.

## NEC PBX

NEC

The Zinia NEC PBX package has impressive capabilities and qualities. You can monitor and manage your users with effortless efficiency, and you gain access to a register of dropped and abandoned calls. You can also set up, control and manage users as a business owner without the need to invest in specialised IT support. This makes the NEC PBX offering from Zinia an ideal fit for the small to medium enterprise (SME) as the IT manager function can be allocated to the relevant responsible individual.

This powerful hybrid system boasts one of the longest life cycles in the game, no more redundant systems and discontinued parts.

With our PBX NEC solution, your value for money is unmatched. You can scale up to 200 extensions, set-up is simple and swift, and the system is fully loaded with all the functionality you need without you worrying about any additional charges. When it comes to PBX for the SME, this system leads the way in functionality, value and scalability.
