

THE BUSINESS OF INTERNET

ZINIA HOSTED PBX

BUDGETED COSTS,
SCALABLE AND
FUTUREPROOF

The Zinia Hosted PBX solution is customised to suit your specific business requirements to ensure seamless connectivity and communications.

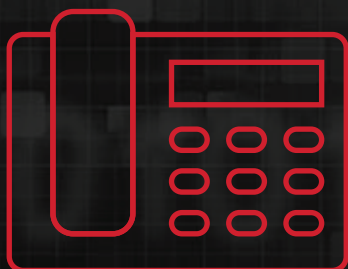

ZINIA HOSTED PBX

Your Business Communications Redefined

Zinia Hosted PBX utilises a proprietary full IP system that has clearly defined deliverables, is extremely redundant and scalable, and comes without cumbersome maintenance costs. Our solution is one of the most reliable and recognised. It is a solution that understands the importance of being future-proof, the value of unified communications, and the need for affordability.

We provide your business with a Hosted PBX platform on a dedicated, guaranteed carrier-class IP network.

HOSTED PBX REDEFINED

Zinia Hosted PBX delivers an enterprise class system with a low price point and a high quality service. There are no upfront costs on the PBX and the monthly fee is controlled to ensure you receive no unexpected surprises. In addition, there are no service, maintenance or call-out fees, and you don't need to worry about redundant systems or upgrade cycles. Those concerns sit with us. So does your dedicated service account manager and your access to our customer service operations centre that runs 24/7 to assure you of support whenever you need it. The Zinia Hosted PBX offering is built on a dedicated, guaranteed carrier-class IP network, is fully managed and upgraded, and is extremely easy to manage.

Take control of your communications, collaboration and productivity with our Hosted PBX platform. We'll do the worrying while your business does the growing.

“

The reality is that, for many, the experience they have of hosted PBX providers is underwhelming. We set out to change these experiences, one client at a time. ”
