

THE BUSINESS OF INTERNET

ZINIA VOICE

EXCEPTIONAL COMMUNICATIONS FOR THE BUSINESS

Zinia Voice is designed to drive your organisation's communications to the next level. With us, you gain efficiency, improve connectivity and cut costs.

ZINIA VOICE

Exceptional Communications for the business

Zinia Voice delivers a secure and dedicated connection that's compatible with all major PBX brands and your budget. We deliver all your connections and voice capabilities while ensuring that they are carefully maintained by expert teams providing hands-on support. Our rates and fully managed end-to-end service assure you of the perfect fixed line solution to your voice requirements – all the savings without any of the dropped calls and business interruptions.

Put away the finger. No need to point. With Zinia Voice you get full accountability from start to finish.

ZINIA VOICE

The Zinia Voice product offering assures you of Tier 1 connectivity directly into all the networks. We also provide the ability to connect to analogue, Basic Rate Interface (BRI), Primary Rate Interface (PRI) and Session Initiation Protocol (SIP) lines. We deliver a secure, dedicated connection to organisations of all sizes – no matter your size, we can craft a solution to fit. Our PBX offerings range from small to medium enterprise (SME) through to enterprise-level functionality, and include unified communications capabilities with both on-premise and hosted options. In addition, our carrier-grade voice network delivers crisp voice services with fully managed connectivity that's backed by our expert teams. With us, your voice solution will be robust, reliable and remarkable – three R's that are essential for exceptional business communications.
